Features Include

Please ask about our Package offer on this Vango Balletto Pro Air 390 which includes Awning and matching Carpet

- **Elements ProShield Fabric** - Tough, dependable, and built to last. The 300D fabric delivers superior durability with a 6,000mm HH rating for all-weather protection, while ColourLok technology ensures long-lasting colour vibrancy.
- **AirBeam S.I Pro 2.0** - Vangos updated version of its revolutionary quick and easy single inflation system through the AirSpeed S.I Pro Valve. This unique system ensures pitch time is minimised while the multiple AirSpeed valves help with simple deflation.
- **Touring Awning** - Built for adventure, not long-term stays. Designed for touring use, this awning withstands holiday trips with ease. While prolonged UV exposure can accelerate wear, normal use ensures lasting performance for many getaways to come.
- **Compact Pitch** - Optimised for compact pitches, our 2.5m awning depth offers the perfect balance of space and practicality.
- **Draught Skirt and Two Wheel Arch Covers Included** - Stay warm and comfortable with a Draught Skirt and Wheel Arch Covers included, blocking cold air from entering your awning.
- **Removable SkyLiner Included** - Stay comfortable in any weather with the included SkyLiner, reducing condensation and adding a thermal barrier. Easily removable for cleaning when needed.
- **Draught Seal System 2.0** - Seamless seal, flexible setup. This design keeps draughts out without poles but is now fully removable for those who prefer caravan draught poles.
- **Caravan Draught Pole Compatible** - Enhance your seal with two adjustable upright draught poles, ensuring a snug fit between your awning and caravan.

- **PVC Mud Strip** - Strategically placed at the awning's base to combat splashback. Any rain spray from hard-standing pitches can be easily wiped clean, keeping your setup fresh and dry.
- **SuperBeams** - Larger diameter beams providing additional structure and stability to the awning
- **Pre-Angled Beams** - Designed for more space and stability—its advanced curve maximises internal room while providing superior wind resistance.
- **Bracer Beams Included** - Small AirBeams reinforce the main AirBeam structure, enhancing stability for a stronger, more secure setup.
- **Veranda Compatible** - Use the included Bracer AirBeam to create a veranda-style window setup. It's a quick and easy way to let fresh air flow into your awning.
- **AirBeam Pump** - Included with all AirBeam tents and awnings, our ergonomically designed pump ensures effortless inflation. Features a built-in pressure dial and a convenient carry bag for easy transport.
- **Adjustable Height** - Awning is able to accommodate various heights of caravan and motorhome awnings between 235cm to 250cm.
- **Removable Zip Curtains** - Smooth-glide zips give you flexible opening options and full privacy when you want it
- **Easy Access Doors** - Seamless entry for all. A flat access door ensures easy access for wheelchairs, prams, and those with reduced mobility.
- **Split Access Door** - Flexible access with a 60/40 split side door. Roll back a section for quick entry, while the secondary mesh door enhances ventilation.
- **Side Removable Doors** - Simplifies pitching by reducing weight when attaching to a caravan. Removable doors allow for a Side Mesh Door Panel MD100 or annex attachment for added versatility.
- **Front Removable Doors** - Designed for effortless setup—lightweight construction makes pitching onto a caravan quick and easy.
- **Heavyweight Zips** - Oversized for superior strength, ensuring long-lasting durability and reliable performance.
- **Diamond Pro Windows** - 67% thicker than our Diamond Clear windows—offering superior insulation and even sharper views.
- **Oversized Bag** - Pack up with ease with a wide opening for simple storage, plus robust compression straps to minimize pack size.
- **Steel Rock Pegs** - Built to last, these strong, durable pegs are designed for tough terrain and come with a convenient carry bag for easy storage.
- **Adjustable Pegging Points** - Pitch with confidence, the adjustable pegging points are designed to adapt seamlessly to uneven terrain for a perfect setup every time.
- **Reflective Webbing Storm Straps** - Stay secure and visible in strong winds with reflective storm webbing straps. Designed to clip easily onto pre-attached buckles and peg into the ground. The reflective design catches torchlight, making them easy to spot in low light.
- **SkyTrack II** - A flexible hanging system which allows you to easily attach lighting and storage. The SkyTrack system truly allows you to design your tent to suit your needs
- **Supplied with Sky Hooks** - allows easy attachment to the tent or awning SkyTrackII system
