Description

NEW FRAMED PORCH AWNING

The Isabella Universal 360 Dawn porch awning can be put up in all weather conditions – all year round.

This is an awning with a depth of 2.3 metres and a width of 3.8 metres. With a Zinox steel frame and heavy duty fabrics this is a tough and capable awning.

Features Include

- Isacryl is a spinneret-dyed (i.e. the fibres are dyed), textured-weave, durable acrylic material. Isacryl has the highest achievable fade-resistance thanks to the pigmentation method. The density of the weave plus the impregnation all the way through prevent water ingress. Nevertheless, Isacryl is a breathable material, which facilitates the best possible indoor climate in the awning.

Poles: Strong Zinox tubular steel frame with T-Rex locking clamp.
