Isabella Capri North, Size 850 - 1175cm, 2023

£2,201

Description

NEW FRAMED FULL AWNING

The Isabella Capri North awning is a full awning available in a range of sizes, with a 2.5m depth. With a lightweight, breathable, acrylic material the Capri North is quick to erect and easy to transport.

All front and side panels can be folded down to form a veranda or removed completely. Capri North is available with the Zinox tubular steel frame or the ultralight CarbonX fibreglass frame.

Features Include

- The Isabella Capri North is available in a wide range of sizes and with two pole options. Pricing varies depending on the size and pole choice but for guidance and comparison with our other awnings the RRP quoted here is based on a 900cm size with CarbonX poles.

Isacryl is a spinneret-dyed (i.e. the fibres are dyed), textured-weave, durable acrylic material. Isacryl has the highest achievable fade-resistance thanks to the pigmentation method. The density of the weave plus the impregnation all the way through prevent water ingress. Nevertheless, Isacryl is a breathable material, which facilitates the best possible indoor climate in the awning.

Poles:

CarbonX fibreglass frame with IsaFix locking clamp
or Strong Zinox tubular steel frame with T-Rex locking clamp

Fabrics:

Side Material: Isacryl 295 g/m²
Base Material: PVC 350 g/m²
Roof Material: Isaroom light 240 g/m²

Weight: Varies with size and frame choice - please ask for more details

Special Details:

Depth: 2.5 m
Removable/fold-down panels: Front and side panels
Mosquito nets in both sides
Lightweight awning – ideal for touring caravanners
Front ventilation
Canopy strip on sides

Comes as standard with:

Curtains
Wheel arch cover
