Isabella Ambassador Dawn, Size 1000, 2022

£899

Description

The 'Ambassador', the ultimate touring awning which is straightforward to put up. Relatively light in weight, with a depth of 2.5m it offers all the opening options you could possibly wish for.

Ambassador Dawn has a mosquito net panel in both sides and is made of Isacryl for a pleasant indoor climate. The roof is coated on the outside and has a patterned inside, which minimises the formation of condensation.

For a good, natural inflow of daylight, and to ensure that the awning is a light and accommodating place to spend time, Ambassador Dawn has large, panelled panorama windows in the front.

For full details of the specification of this awning please contact us or download a brochure from our Awnings page.

Features Include

- A classic Isabella design with many user friendly features like the mosquito net on both side panels useful for keeping tiresome insects out while allowing a cooling breeze in
